# Reports of Child Maltreatment

## Quick Facts

### Volume and Description of Child Maltreatment Reports

#### Volume of Incoming Reports

Maltreatment Reports Received During  
SFY 2020

Of the 31,142 reports of child maltreatment accepted by the Arkansas Child Abuse Hotline during State Fiscal Year (SFY) 2020, 82 percent were assigned to DCFS and 18 percent were assigned to the Crimes Against Children Division (CACD) of the Arkansas State Police, which is responsible for investigating the most serious allegations of maltreatment.

Of the reports assigned to DCFS, 83 percent were assigned for an investigation and 17 percent were handled through Differential Response (DR).

DR allows the Division to respond to specific, low-risk maltreatment reports through a family assessment and provision of services rather than a traditional investigation.

The following types of allegations can qualify for DR:

- Inadequate Supervision if children are at least five
- Environmental Neglect if children are at least three
- Medical Neglect if children are at least thirteen
- Lock Out if children are at least ten
- Inadequate Food, Inadequate Shelter, Inadequate Clothing, and Educational Neglect with no age restrictions
- Certain allegations of abuse where the incident occurred at least one year prior to the report date

# Quick Facts

## Findings of Child Maltreatment Investigations

Twenty-two percent of the investigations assigned to DCFS during SFY 2020 were found true, compared to 33 percent for CACD. The overall substantiation rate stood at 24 percent.

Percentage of Investigations Found True

## Characteristics of Children Involved in True Investigations

There were 9,114 victim children involved in the maltreatment investigations that were found true.

Of those children, 65 percent were white and 18 percent were black. Children ages five and younger accounted for half of the victim children.

Over half of the victim children during SFY 2020 (55 percent) were female.

Race/Ethnicity of Children in True Reports

Ages of Children in True Reports

## Types of Allegations in True Investigations

The majority of the 9,114 victim children in true investigations were involved in allegations of neglect, followed by allegations of physical abuse and sexual abuse.

Percentage of Children in True Allegations of Maltreatment

	Number of Children Cited in True Allegation	Percentage of Children Cited in True Allegation
Neglect	6,328	69%
Physical Abuse	1,915	21%
Sexual Abuse	1,639	18%
Sexual Exploitation	79	1%
Abandonment	59	1%

*A child may have more than one allegation.*

# Quick Facts

## Reports Involving Fatalities or Near Fatalities

Findings of Maltreatment Reports Involving Fatalities or Near Fatalities		
Finding	Child Fatality	Near Child Fatality
True	26	6
Unsubstantiated	6	1
Pending	5	1
Unable to Locate	0	0

During SFY 2020, there were 37 maltreatment investigations involving a child fatality. While some investigations were still pending, the majority of those in which a disposition had been rendered were found true. There were eight investigations of near child fatalities during the year; most of those were also found true.

Appendix G includes more details regarding the fatality and near fatality cases that are disclosable at the time of this report's release.

## Reports Assigned for Differential Response (DR)

Number of Reports Assigned to Differential Response

The number of reports assigned to DR during SFY 2020 (4,216) decreased by 30 percent from SFY 2019.

Types of Allegations Cited in Reports Assigned for DR

## Allegations Cited in DR Reports

Environmental neglect and inadequate supervision were the most commonly cited allegations in reports assigned to DR during the year, followed by inadequate food.

# Quick Facts

## Meeting Agency Policies

### Timeliness of Initiating Investigations

The law requires reports of maltreatment to be initiated within 24 hours of a Priority I report or within 72 hours of a Priority II report.

Priority I reports cite more severe allegations while Priority II reports cite comparatively less serious allegations.

Initiation occurs when all victim children are interviewed or observed (if too young for an interview) within the designated timeframes.

DCFS initiated 84 percent of its investigations on time during SFY 2020, performing better on its Priority I investigations than Priority II.

Timely Initiation of Child Maltreatment Investigations (DCFS Only)

### Timeliness of Completing Investigations

DCFS completed 81 percent of its investigations on time (within 45 days of receipt of the report) during SFY 2020, identical to the previous year.

Timely Completion of Child Maltreatment Investigations (DCFS Only)

# Quick Facts

## Timeliness of Initiating Reports Assigned to DR

Timely Initiation of DR Reports

DR referrals must be initiated within 72 hours of receipt of the report.

DCFS initiated 73 percent of its DR reports on time during SFY 2020, an improvement over the previous year.

## Timeliness of Completing Reports Assigned to DR

Timely Closure of DR Reports

Reports assigned to DR are to close within 30 days of receipt of the report. In certain instances when the families' needs necessitate longer involvement, two 15-day extensions can be granted, for a total of 60 days.

The agency closed 75 percent of its DR reports on time during SFY 2020, taking into account reports in which extensions were granted.

# Quick Facts

## Benefits to Children and Families

### Preventing the Recurrence of Maltreatment

Five percent of the victim children involved in true investigations experienced a recurrence of maltreatment within six months. Eight percent experienced a recurrence of maltreatment within 12 months.

Recurrence of Maltreatment within 6 and 12 Months

The National Standard for recurrence within 12 months is 9.1 percent or less

### Recurrence of Maltreatment Among Families who Received DR

Three percent of the children who began receiving DR services were involved in a true investigation of child maltreatment within six months, and five percent were involved in a true investigation within 12 months.

Involvement in True Maltreatment Reports within 6 and 12 Months of Receiving DR Services

The National Standard for recurrence within 12 months is 9.1 percent or less

# In-Home Services

## Quick Facts

### Volume and Description of Cases

#### Volume of Cases

In most instances DCFS offers in-home services through a protective services case, which is opened when a true maltreatment report or court order necessitates DCFS' involvement with a family but there is not an immediate threat to any child's safety in the home.

The number of in-home protective services cases open at the end of SFY 2020 increased slightly from one year ago. At the end of the year, there were 2,470 in-home protective services cases open across the state, involving 5,724 children.

The Division also offers in-home supportive services to families on a voluntary basis. DCFS was responsible for 194 supportive services cases at the end of the year.

Number of In-Home Cases

### Length of Time Cases Have Been Open

The average length of time both in-home cases and supportive services cases had been open as of the end of the year was over five months.

The length of time in-home cases and supportive services cases had been open increased over the previous year.

Average Number of Days Cases Have Been Open

# Quick Facts

## Ages of Children in In-Home Protective Services Cases

Children ages zero to five made up nearly half (48 percent) of children involved in in-home protective services cases at the end of SFY 2020.

Ages of Children in In-Home Cases

## Meeting Agency Policies

## Monthly Visits to In-Home Protective Services Cases

On average, 75 percent of the in-home cases received a face-to-face monthly visit from a caseworker during SFY 2020, nearly identical to the previous year (76 percent).

Required Monthly Visits to In-Home Cases

# Quick Facts

## Benefits to Children and Families

### Victimization Rate Among Children Who Received Protective and Supportive Services

**Percentage of Children Receiving Supportive and Protective Services who were Abused or Neglected within One Year of the Initiation of Service**

Of the children who began receiving in-home protective services one year prior to SFY 2020, seven percent experienced a true report of maltreatment within one year. Of the children who began receiving supportive services one year prior to SFY 2020, three percent were involved in a true report within one year.

### Rate of Entry Into Foster Care Among Children Who Received Protective and Supportive Services

**Percentage of Children Receiving Supportive or Protective Services who Entered Foster Care within One Year of the Initiation of Service**

Of the children who began receiving protective services one year prior to SFY 2020, eight percent entered foster care within one year of the initiation of those services. Meanwhile, two percent of the children who began receiving supportive services during the same timeframe entered care within one year.

In-home services prevented the vast majority of the children from being re-victimized or entering foster care within one year of initiation.

# Quick Facts

## Foster Care

### Volume and Description of Cases

#### Number of Children in Foster Care

There were 4,391 children in foster care at the end of SFY 2020. This signified a slight increase from SFY 2019 (4,331).

Number of Children in Foster Care

#### Characteristics of Children in Foster Care

At the end of SFY 2020, children two to five years of age (25 percent) represented the largest group of children in foster care. Sixty percent of those in care were white and 20 percent were black.

Of the children in foster care at the end of SFY 2020, 51 percent were male and 49 percent were female.

Race/Ethnicity of Children in Foster Care

Ages of Children in Foster Care

#### Admissions Into and Discharges From Foster Care

Slightly more children entered foster care than had exited during SFY 2020.

Number of Admissions into and Discharges from Foster Care

# Quick Facts

## Reasons for Children's Entry Into Foster Care

### Reasons for Children's Entry Into Foster Care SFY 2020

Placement Reason	Number of Entries	Total
Neglect	1,714	53%
Substance Abuse	1,629 <sup>1</sup>	50%
Parent Incarceration	663	20%
Physical Abuse	476	15%
Inadequate Housing	362	11%
Sexual Abuse	255	8%
Caretaker Illness	146	4%
Child's Behavior	93	3%
Abandonment	80	2%
Child's Disability	40	1%
Truancy	28	1%
Other	50	2%

*A child may have more than one reason for entry.*

Neglect and substance abuse were the most prevalent reasons for children entering foster care during the year.

## Reasons for Children's Discharge From Foster Care

### Reasons for Children's Discharge From Foster Care SFY 2020

Discharge Reason	Number of Discharges	Total
Reunification	1,335	42%
Adoption	867	27%
Relative Custody	539	17%
Child Aged Out	228	7%
Guardianship	80	3%
Non-Custodial Parent Custody	64	2%
Non-Relative Custody	38	1%
Other	26	1%

*National data<sup>2</sup> indicate that the three most prevalent reasons children leave care are reunification (49%), adoption (25%), and guardianship (11%).*

Forty-two percent of the children who left foster care during SFY 2020 were reunified with their own family, 27 percent were adopted, and 17 percent were discharged to relative custody.

Overall, 92 percent of the children exiting care in Arkansas achieved permanency either by returning home or via discharge to relatives, an adoptive home, or another permanent arrangement.

<sup>1</sup> These 1,704 cases of substance abuse include 1,382 instances of parental drug abuse, 194 instances of parental alcohol abuse, 50 instances of drug abuse by children, and 3 instances of alcohol abuse by children.

<sup>2</sup> National data from the Children's Bureau (October 2019).

# Quick Facts

## Length of Stay in Foster Care

Of the children in foster care at the end of SFY 2020, the majority (55 percent) had been in care for less than 12 months.

Length of Stay in Foster Care for Children in Care  
SFY 2020

Length of Stay	Number	Percentage	National
Less than 30 days	237	5%	9%
30-90 Days	409	9%	15%
3-6 Months	705	16%	
6-12 Months	1,058	24%	19%
12-24 Months	1,047	24%	29%
24-36 Months	342	8%	15%
36+ Months	593	14%	13%
Total	4,391	100%	100%

## Placement of Children in Foster Care

Overall, 83 percent of the children in foster care at the end of SFY 2020 resided in a family-like setting (foster family home, relative placement, trial home visit, therapeutic foster home, pre-adoptive home).

Eight percent resided in congregate care, which represents placement in a qualified residential treatment program (QRTP), residential treatment care or residential care only program, or emergency shelter.

Foster Home (Rel/Fic): 14%  
Provisional (Rel/Fic): 14%  
ICPC (Out of State): 2%  
Pre-Adoptive (Relative): 1%  
Other Relative: 0.2%

Placement of Children in Foster Care

## Permanency Goal of Children in Foster Care

Fifty-six percent of the children in care at the end of SFY 2020 had a permanency goal of reunification (return home) and 24 percent had a goal of adoption.

These figures are similar to national data from the Children's Bureau as of October 2019, with averages of 56 percent for reunification and 27 percent for adoption.

Permanency Goals of Children in Foster Care

# Quick Facts

## Meeting Agency Policies

### Monthly Visits to Foster Children

**Foster Children who Received Monthly Face-to-Face Visits from Caseworkers**

**Foster Children who Received Monthly Face-to-Face Visits by Any DCFS Staff**

To ensure safety and well-being, best practice requires children in foster care to be visited in their placements by their caseworkers each month. The Division's goal is to make 85 percent of these visits.

Eighty-four percent of the children in care statewide received a face-to-face monthly visit from a DCFS caseworker, on average, during SFY 2020.

On average, 93 percent of the children received a face-to-face monthly contact from *any* DCFS staff member—regardless of the staff member's position, location of the visit, or the purpose—during the year.

### Initial Health Screenings and Comprehensive Health Assessments

**24-hour and 72-Hour Initial Health Screening and Comprehensive Health Assessments**

DCFS completed 79 percent of its required 24-hour initial health screenings (IHSs), 85 percent of its 72-hour IHSs, and 55 percent of its Comprehensive Health Assessments (CHAs) on time during SFY 2020.

The rate at which children receive timely CHAs declined considerably after the public health emergency was declared in March 2020, which temporarily halted CHAs across the state. DCFS expects the CHA timeliness rate to improve as most health facilities that complete these assessments have since reopened.

# Quick Facts

## Siblings in Placement Who Are Placed Together

At the end of SFY 2020, 77 percent of the children with siblings in foster care were placed with at least one of their siblings, while 56 percent were placed with all of their siblings.

These figures do not exclude children who were placed separately for valid reasons such as safety issues or court orders.

Siblings in Care who are Placed Together

## Placement Stability of Children in Foster Care

Placement stability is measured by the rate of placement moves per 1,000 days in foster care for children who enter care over a 12-month period.

For SFY 2020, the placement stability rate was 5.96, an improvement over previous years. The national standard is a rate of 4.12.

Rate of Placement Moves Per 1,000 Days in Foster Care

# Quick Facts

## Benefits to Children and Families

### Achieving Permanency Within Twelve Months

Arkansas continues to exceed the national standard of 40.5 percent or more for achieving permanency (i.e., exiting foster care to a permanent living situation) for children within 12 months of removal.

Discharges from foster care due to reunification, relative custody, non-custodial parent custody, guardianship, adoption, and non-relative custody are considered to be permanent living situations.

### Preventing Children's Re-Entry Into Foster Care

For SFY 2020 eight percent of the children who were discharged to their families re-entered foster care within 12 months. The Division meets the national standard of 8.3 percent or less.

# Quick Facts

## Adoption

### Volume and Description of Cases

#### Children Available for Adoption<sup>3</sup>

At the end of SFY 2020, 423 children were available for adoption.

DCFS estimates that it has identified a possible pre-adoptive placement for approximately 20 percent of the children available for adoption.

DCFS modified its definition of children available for adoption during SFY 2018 to more accurately identify the number of children who are truly in need of an adoptive family.

Number of Children Available for Adoption

#### Characteristics of Children Available for Adoption

Of the available children, 64 percent were white, 15 percent were multiracial, and 13 percent were black. Children ages ten and older made up the majority (69 percent) of the children available for adoption.

Race/Ethnicity of Children Available for Adoption

Ages of Children Available for Adoption

<sup>3</sup> Children available for adoption are defined as those who (1) have a termination of parental rights on both parents, (2) have a permanency goal of adoption, and (3) are not placed with relatives, fictive kin, or a pre-adoptive family.

# Quick Facts

## Placement of Children Available for Adoption

The majority (62 percent) of the children available for adoption at the end of SFY 2020 resided in either a therapeutic foster home or foster family home.

## Meeting Agency Policies

### Length of Time to Adoption

The average length of time from termination of parental rights (TPR) until adoption finalization was 13.4 months during SFY 2020, nearly two months longer than the national average (11.6 months).

# Quick Facts

## Benefits to Children and Families

Eight-hundred and seventy-two adoptions were finalized during SFY 2020.

Thirty-six percent of the adoptions finalized during the year were by relatives.

**Race/Ethnicity of Children with Finalized Adoption**

**Ages of Children with Finalized Adoption**

Children ages two to five made up the largest group (33 percent) of children who were adopted during SFY 2020, followed by those ages six to nine (20 percent).

## Subsidized Adoptions

Subsidies are given to children with special needs, defined as:

- Caucasian and over nine
- African-American and at least two
- At least two members of a sibling group
- Children who have severe medical or psychological needs that require ongoing treatment
- Children at high risk for the development of serious physical, mental, or emotional conditions documented by a medical professional.

During SFY 2020, **836** children began receiving adoption subsidies. Of those, 826 were federally-funded and 10 were state funded subsidies.

During SFY 2020, a total of **7,779** children received adoption subsidies.

## Resources

## Quick Facts

### Caseworkers and Caseloads

#### Caseloads at the End of SFY 2020

As of the end of SFY 2020, the Division was responsible for:

- 1,715 investigations of child maltreatment and 117 DR cases;
- 4,391 foster care cases (4,055 excluding adoption cases);
- 2,470 in-home cases, involving 5,724 children;
- 194 supportive services cases and 57 interstate compact for the placement of children (ICPC) cases.

This is while the Division was staffed with 468 family service workers, who were responsible for handling these cases.

Types of Cases at the End of SFY 2020

*One foster care case is equal to one child in care; one in-home or supportive services case constitutes an entire family, many of which have multiple children.*

#### Caseloads Handled *During* the Year

This graph shows the number of cases that cycled through the system during SFY 2020, i.e., the number of families or children served during the year (as opposed to those active at the end of the year, described above).

The Division oversaw 23,353 investigations; 7,568 children in foster care; 4,472 DR cases; 4,849 in-home protective services cases; 714 supportive services cases; and 112 interstate compact for the placement of children (ICPC) cases.

Types of Cases Served During SFY 2020

# Quick Facts

## Average Caseload

The average caseload statewide stood at just over 18 cases per worker at the end of SFY 2020. This meets the Division's goal of 20 or fewer cases per worker.

The average caseload for each county as of June 30, 2020 is presented in Appendix J.

## Foster Homes

### Foster Homes and Beds

There were 1,541 licensed foster family homes open statewide at the end of SFY 2020, less than the previous year.

During SFY 2020, 903 new foster homes were opened and 894 were closed, resulting in a net gain of nine homes.

Appendix K displays the closure reasons for the 894 foster homes that closed during the year.

Average Caseload During SFY 2020

Number of Foster Homes and Beds

Number of Foster Family Homes Opened and Closed

# Quick Facts

## Ratio of Foster Home Beds to Foster Children

Foster Bed to Foster Child Ratio

The ratio of licensed foster home beds to children in foster care was less than one (0.77) at the end of the year, similar to previous years.

The Division's goal is to have at least one foster home bed available for each child in foster care.

## Foster Families with True Reports of Maltreatment

Percentage of Foster Families with True Reports of Maltreatment

Ten reports in which foster parents were identified as alleged offenders were determined to be true during the year. Based on the 2,723 foster homes active during that period, the percentage of foster families with a true report of maltreatment was 0.37 percent.

Appendix L provides more detail on maltreatment reports concerning foster homes.

## Appendix A: Child Maltreatment Investigations by Area and County

## Appendix G: Summary of Reports Involving Child Fatality

Per Ark. Code Ann. § 12-18-1104(c), any information regarding a child fatality cannot be released by the Department of Human Services if release of such information would jeopardize a criminal investigation. Of the 37 child fatalities that were reported for SFY 2020, case-specific information could be disclosed for 15 of those incidents at the time of this report's release (see below).

The website <https://ardhs.sharepointsite.net/CFN/default.aspx> displays up-to-date documentation concerning all child fatalities and near fatalities reported in Arkansas once that information can be disclosed.

### True Fatality Reports

Child	County	Age	Race	Gender	Date of Death	Allegations or Preliminary Cause of Death	Placement at the Time of Incident	Relationship of Alleged Offender to the Child	Agency Conducting the Investigation	Action(s) Taken by Agency	Prior DCFS Involvement
<b>Delaney Phillips</b>	St. Francis	1	White	Female	7/7/2019	Neglect & Failure to Protect / Drug Overdose	In-Home	Relative	CACD	None	None
<b>Louise Spencer-Walling</b>	Miller	<1	White	Male	7/9/2019	Inadequate Supervision	In-Home	Relative	CACD	72-Hour Hold	Prior History
<b>Anaka Long</b>	Washington	2	White	Female	8/8/2019	Inadequate Supervision	In-Home	Relative	CACD	None	None
<b>Lucy Weber</b>	Garland	1	White	Female	8/17/2019	Inadequate Supervision & Failure to Protect	In-Home	Relative	CACD	72-Hour Hold	Prior History
<b>Al'Zyrie Taylor</b>	Mississippi	<1	Black	Female	9/3/2019	Inadequate Supervision & Failure to Protect	In-Home	Relative	CACD	72-Hour Hold	Prior History
<b>Colton Cooke</b>	Sebastian	<1	White	Male	9/16/2019	Substance Misuse	In-Home	Relative	CACD	None	None
<b>Lhondyn Coleman</b>	Mississippi	<1	Black	Female	10/27/2019	Physical Abuse & Neglect	In-Home	Unknown	CACD	None	None

Child	County	Age	Race	Gender	Date of Death	Allegations or Preliminary Cause of Death	Placement at the Time of Incident	Relationship of Alleged Offender to the Child	Agency Conducting the Investigation	Action(s) Taken by Agency	Prior DCFS Involvement
<b>Haley Eddings</b>	Boone	13	White	Female	10/29/2019	Physical Abuse	In-Home	Relative	CACD	None	Prior History
<b>Emma Arriaga</b>	Sebastian	2	White	Female	11/19/2019	Neglect & Substance Misuse	In-Home	Relative	CACD	Open PS Case	Prior History
<b>Benito Arriaga</b>	Sebastian	5	White	Male	11/21/2019	Neglect & Substance Misuse	In-Home	Relative	CACD	Open PS Case	Prior History
<b>Kaylie Thomson</b>	Howard	2	Black	Female	12/29/2019	Inadequate Supervision	In-Home	Relative	CACD	Open PS Case	None

## Unsubstantiated Fatality Reports

Child	County	Age	Race	Gender	Date of Death	Allegations or Preliminary Cause of Death	Placement at the Time of Incident	Relationship of Alleged Offender to the Child	Agency Conducting the Investigation	Action(s) Taken by Agency	Prior DCFS Involvement
<b>Bentley Sumler-Ballard</b>	White	2	White	Male	8/1/2019	Failure to Protect / Accidental Drowning	In-Home	Relative	CACD	None	Prior History
<b>Isaac McCully</b>	Benton	<1	White	Male	9/17/2019	Sudden Unexplained Infant Death	In-Home	Relative	CACD	None	Prior History
<b>Beau Barnes</b>	Lonoke	2	White	Male	3/4/2020	Inadequate Supervision	In-Home	Relative	CACD	None	None
<b>Cameron Loudermill</b>	Hempstead	4	Black	Male	4/29/2020	Inadequate Supervision	In-Home	Relative	CACD	None	None

## Appendix H: Summary of Reports Involving Near Child Fatality

Per Ark. Code Ann. § 12-18-1108(c), any information regarding the near fatality of a child cannot be released by the Department of Human Services if release of such information would jeopardize a criminal investigation. Of the eight near fatalities that were reported for SFY 2020, case-specific information could be disclosed for two of those incidents at the time of this report's release (see below).

The website <https://ardhs.sharepointsite.net/CFN/default.aspx> displays up-to-date documentation concerning all child fatalities and near fatalities reported in Arkansas once that information can be disclosed.

### True Near Fatality Reports

Child	County	Age	Race	Gender	Date of Near Fatality	Allegations or Preliminary Cause of Death	Placement at the Time of Incident	Relationship of Alleged Offender to the Child	Agency Conducting the Investigation	Action(s) Taken by Agency	Prior DCFS Involvement
Child #1	Pulaski	6	Black	Male	11/18/2019	Failure to Protect, Substance Misuse & Neglect	In-Home	Relative	CACD	72-Hour Hold	Prior History
Child #2	Faulkner	<1	White	Male	1/2/2020	Environmental Neglect	In-Home	Unknown	CACD	None	None

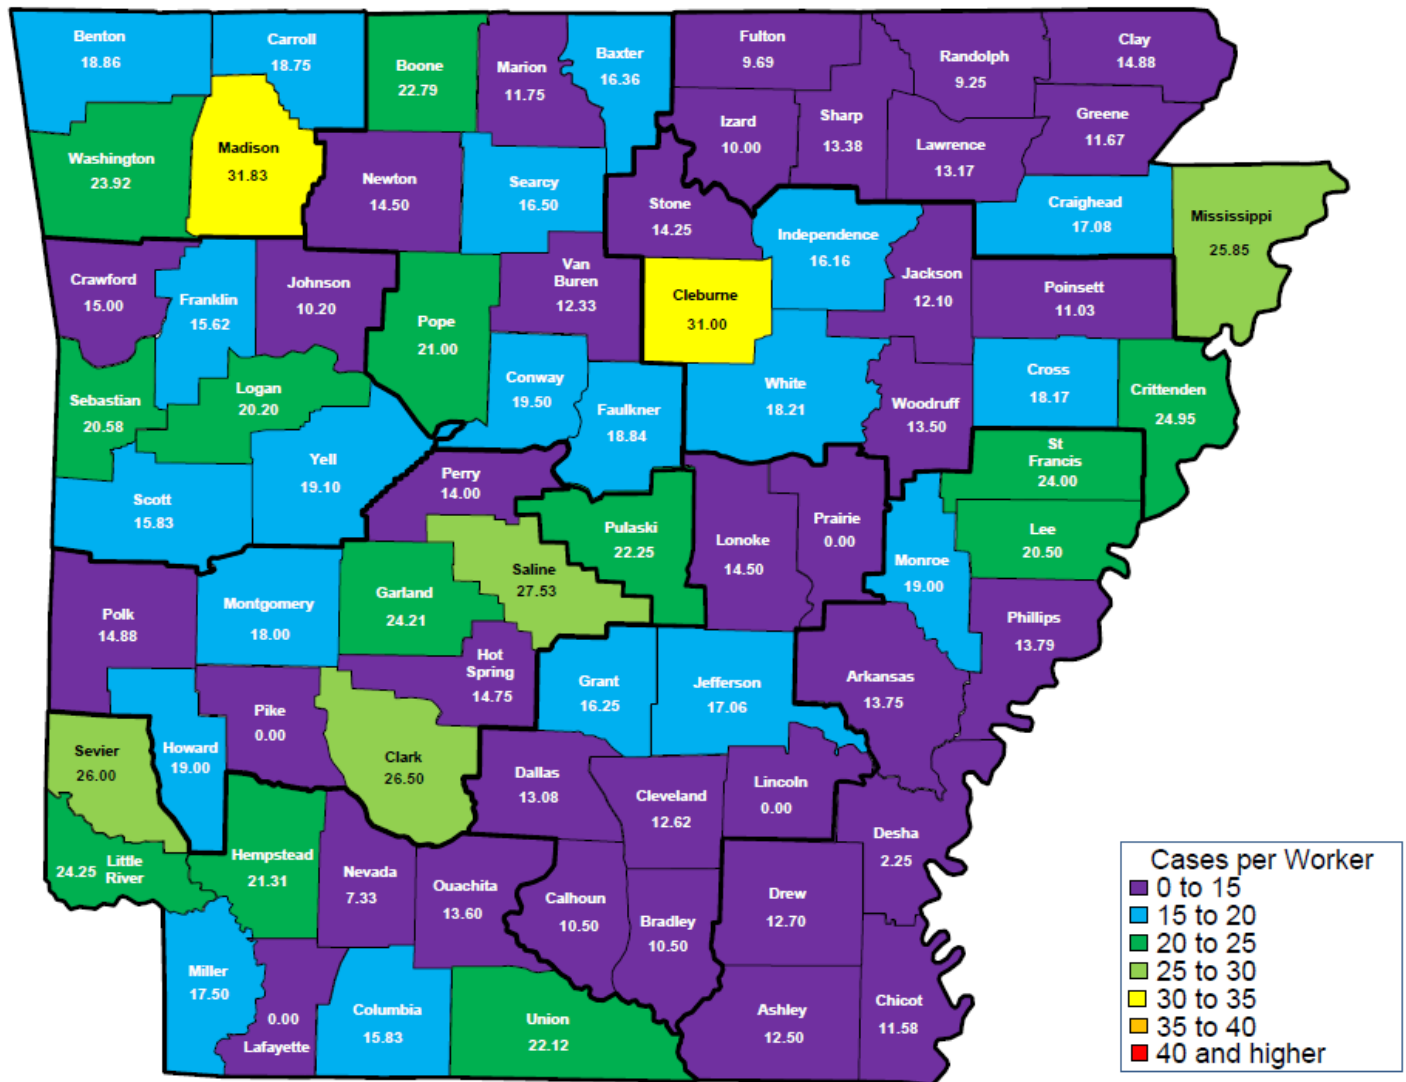

### Unsubstantiated Near Fatality Reports

There were no unsubstantiated near fatality reports for SFY 2020 at the time of this report's release.

## Appendix I: Fatalities of Children in Foster Care Who Did Not Receive a Maltreatment Investigation

Child	County	Age	Race	Gender	Date of Death	Preliminary Cause of Death	Placement at the Time of Incident	Action(s) Taken by Agency	Services Provided Prior to the Incident
Child #1	Pulaski	19	White	Male	3/3/2020	Terminal Illness / Pneumonia	Foster Care	None	Foster Care
Child #2	Pulaski	4	Black	Female	3/15/2020	Cancer & Kidney Disease	Foster Care	None	Foster Care

## Appendix J: Average Caseload as of the End of SFY 2020, by County

Lafayette, Lincoln, Pike and Prairie counties did not have any family service workers at the end of the quarter; their cases were assigned to workers from other counties.

## Appendix K: Foster Home Closure Reasons

## Appendix L: Summary of Foster Care Maltreatment Reports

### Characteristics of Children in Foster Care Involved in Allegations of Maltreatment, SFY 2020

Five-hundred and seventy reports of alleged maltreatment, involving 576 children in foster care, were received by the hotline during SFY 2020.

In 121 reports involving 153 children, foster parents<sup>4</sup> were identified as the alleged offenders. As shown by the following chart, ten of those reports were found to be true<sup>5</sup> and the ten homes involved in those reports were subsequently closed.

**Foster Home Maltreatment Reports  
SFY 2020**

True	Unsubstantiated	Pending
10	111	0

All allegations of maltreatment concerning foster homes are investigated by the Crimes Against Children Division (CACD) of the Arkansas State Police. DCFS staff do not actively participate in the investigation of these reports. Allegations of maltreatment regarding foster homes require the agency to assess the safety of all children residing in the home.

The following charts display the characteristics of the 153 foster children involved in allegations of maltreatment, with foster parents as the alleged offenders.

<sup>4</sup> This includes foster family homes and therapeutic foster homes

<sup>5</sup> The number of true investigations involving foster families reported in this report may differ from what was reported in individual quarterly reports for the same time period. This is due to the fact that some true findings were later overturned to unsubstantiated and some pending findings now have a final disposition.

### County of Foster Homes in Which Alleged Maltreatment Occurred

County	Number of Children Involved in Maltreatment Report(s)	County	Number of Children Involved in Maltreatment Report(s)
Pulaski	23	Randolph	3
Benton	10	Union	3
Faulkner	9	Boone	2
